“MOTIVATIONAL INTERVIEWING: Nuts & Bolts for Clinical Practice”

This presentation will help you:

- Recognize patient-provider communication with the spirit of motivational interviewing (MI).
- Respond to patients using open-ended statements, affirmations, reflections, and summaries (OARS).
- Respond to patient’s arguments against change without amplifying resistance.
- Listen for and amplify change talk using reflection, open questions, and importance/confidence scales.
- Know when and how to give advice or information.
