

The South Texas Clinical Informatics Collaborative is now Ready for Business!

Do you need pilot data for your next grant submission?

Are you having difficulty recruiting Hispanics?

Collaborate with STARNet:

- ✓ Established connection between EHRs in 21 clinics (family and internal medicine, and pediatric physicians) throughout South Texas!
- ✓ Large Hispanic population
- ✓ Signed Data Use Agreements for all de-identified queries
- ✓ Ability to do customized bench-marking reports for your clinics

Size and Diversity of STARNet's CLIC Sites

| | |
