WHAT'S NEW HIGHLIGHT

STOHN published "Response by Endodontists to the SARS-CoV-2 (COVID-19) Pandemic: An International Survey" in the *Frontiers of Dental Medicine*. This study was a collaboration between UT Health San Antonio, University of the Pacific-San Francisco, and other universities and organizations. **Read more...** [Response by Endodontists to the SARS-CoV-2 \(COVID-19\) Pandemic: An International Survey](#)

POSTER PRESENTATIONS

Marissa and Andrea presented virtual posters at the *UT Health 39th Annual School of Dentistry Research and Clinical Virtual Symposium*. Andrea presented "General Dentist and Endodontics Practice Adaptations and Future Outlooks in Response to the SARS-CoV-2 (COVID-19) Pandemic" and Marissa presented "Practitioner Engagement in Activities of the National Dental Practice-Based Research Network (PBRN): 7-Year Results."

AWARDS

Karla Garcia, a previous STOHN intern, won 3rd place at the *2020 Community Engagement Symposium* for her poster on our Silver Diamine Fluoride Quick Poll. **Read more...** [School of Dentistry Newsletter](#)

Quick Poll

The purpose of this Quick Poll is to gain information about patient hesitancy in returning to your dental practice for routine care due to COVID-19 concerns. The study aims to determine if COVID-19 concerns have created changes in your practice volume/productivity, changed the way your practice implements precautions/safety measures for both patient and personnel and how these changes, if any, are communicated to your patients.

Please click the Patient Hesitancy Quick Poll hyperlink below.
