

The IIMS hosted its 2023 *T1 to T4 in 3 (Minutes) Challenge* on Sept. 8th. This cross-collaborative event between the IIMS Community Health Advisory Board (CHAB), Community Engagement, and the Office of Research Education & Mentoring (OREM) gives community members and IIMS trainees a venue to present their research in 3 minutes to a live mixed audience of community members, faculty, staff and students. Presenters use language and concepts that are easy to understand with one slide. Two community and eight OREM trainees shared their research to 56 online participants.

Congratulations!
