

We help put your hands on
the most advanced and
powerful software in
functional genomics.

Holding on is up to you.

- A pilot program to deliver software in bioinformatics.
- No need for advanced skills in programming.
- No hand holding -- just enough training to get you started.

On-site, hands-on training programs:
Partek Genomics Suite (TBD)
Ingenuity Pathway Analysis – **June 3-4**
JMP Genomics – **July 7-8**
