E-Cigarette Webinar
Sept. 10th, 2021
1:40-2:20pm

Practitioners will be able to:

1. Explain the components of e-cigarettes and "e-juice"

2. Outline the oral and general health risks of e-cigarette use

3. Relate the health risks between COVID-19 and vaping

4. Identify the oral professional's role in educating patients

5. Disseminate PBRN study findings

6. Sustain the impact on the urban and rural communities by maintaining the RAKE Program

Presented by:
Dr. Amisha Revawala, DDS
Betsy Jones, MPA,
